TRADITION MEETS CONVENIENCE

Steeping magic mushrooms in tea is nothing new. Its been done for centuries to facilitate a quicker but more intense high. What's new is not having to acquire, portion, and mix all the necessary ingredients. Our pre-made tea bags are delicious convenient and safe. Each tea bag comes with one weighed gram of fresh ground Cubensis. Tubes come with an air-tight pouch to keep contents fresh and potent. 10 bags per tube totaling 10 grams of magic mushrooms.

WHY TEA?

Teas hit faster and harder but last for a shorter period of time than consuming dried mushrooms.

GINGER

Aids in healthy digestion, reducing or eliminating Gut-rot (bloating, pain and nausea).

CITRIC ACID

Converts psilocybin to psilocin, which is the active psychedelic component absorbed into the body.

WHAT'S INSIDE?

Tea blends are made with actual dried fruits, spices, and herbs. We have specially selected ingredients that either work to hide the foul taste of mushrooms or help facilitate a more enjoyable experience.

CITRUS MINT

HONEY LEMON

ORANGE GINGER
